EXPERIENCE

Stellar Futures - *Internship Frontend Developer*   Jul 2024 – Present – Remote UK

A startup company focused on climate change adaptation and emergency management, specializing in static websites and developing tools and systems.

Key Achievements:

- Developed a high-performance static website using HTML, CSS, JavaScript, Next.js, and React, adhering to design and UX/UI best practices to ensure a seamless and intuitive user experience.
- Designed and implemented responsive UI components and interactive features, optimizing engagement and accessibility across devices.
- Collaborated closely with the team, incorporating iterative feedback to enhance website functionality, user interaction, and overall engagement.
- Optimized website SEO and performance, refining the site architecture to reduce page load time by 3 seconds and boost organic traffic by 10%.
- Integrated an automatic translation feature using Weglot, enhancing the site's accessibility for Spanish-speaking users and improving its global reach.

PROJECTS

Trendoo – *Frontend Developer*   09/2024 – 10/2024 - Remote UK

Trendoo is a fictional e-commerce fashion label created as a team project, focused on avant-garde design and providing a seamless digital shopping experience for trend-conscious consumers.

Key Achievements:

- Developed responsive UI components and product listing pages using React and Tailwind CSS, ensuring mobile-first design and accessibility;
- Implemented dynamic product filters and sorting functionality to improve user experience and engagement;
- Participated in regular stand-ups and code reviews, using Git and GitHub for version control and collaboration;
- Contributed to UX decisions and wireframes, ensuring consistency with brand guidelines and design principles.
